MEETING PLACE

POSITIIMI

WHAT IS POSITIIMI?

Positiimi is an easily accessible service that is meant for all adults living in Pori who wish to have a safe place to meet people on weekdays. In Positiimi you can get service counseling, you are greeted as an individual and you can share your life only as much as you want to.

The activities aim at preventing loneliness and making you feel like you belong somewhere. You can also get conversational therapy and peer support.

We reach our goals by creating a safe and tolerating atmosphere. You can come to Positiimi when it best suits you so all you need is the courage to step inside.
