

Welcome to school!

Your child will turn 7 years old during this calendar year, thus reaching the age of compulsory education and must officially enroll in school. Guardians enroll their children in comprehensive schools of the City of Pori electronically in Wilma between the 9th – 21st January 2024.

Wilma-accounts are created with a strong electronic identification, which will require your bank credentials. After creating your Wilma-account, you can apply for a place at primary school by completing the "Registration for elementary school" form, which shows the child's local school.

Information on enrolling in private schools can be found on the schools' own websites. If you enroll your child in a private school, you do not need to enroll elsewhere.

1. Creating a Wilma ID or connecting an existing ID

Log in to Wilma at <https://pori.inschool.fi/connect>

Start by entering your email-address, and then select "Send a verification message". You can now close this window and open your email. There should be a confirmation message sent by Wilma containing a to complete the registration. Select "Koulutulokkaat" for the relevant school. Once you have created an account, log in to Wilma

If the child's guardian already has a Wilma ID (for schools in Pori), you can link your existing identification with the school applicant by following the instructions below:

Log in with your Wilma-identification. Navigate via top navigation to "User rights" -page and click "Add role" on the bottom of the page. Under "I have..."- section, select "guardian data available through Population Register Center" and choose your dependent. Finalize your identification.

2. Complete the school registration

In Wilma, select "Forms" and then select the form "enrollment in elementary school". When you have filled the form, remember to save it. You will receive a notification upon successfully saving.

If you know or hope that your child will start their compulsory education at Myötätuuli or Tuulikello school, mark the school in the secondary school field. If you are moving out of Pori before school starts, inform the principal or school secretary of the nearby school.

If you are not able to use electronic enrollment or you need additional information, please contact your local school. <https://www.pori.fi/kasvatus-ja-koulutus/perusopetus/koulut-ja-palvelut>
